“Language Requirement for Native Speakers of Spanish

Recognizing that successful completion of English 1010 with a C or better requires greater proficiency in the English language than Spanish 2020 completers have in Spanish, Therefore, upon completion of English 1010 and English 2010 (General Education Requirements for all students graduating from DSU), native speakers of Spanish will have the language requirements for both the Associate of Arts degree (8 credit hours) and the Spanish Bachelor of Arts degree (16 credit hours) waived as requirements for those degrees.”
