Course Deletion			Originator:	Randal S. Chase	
			Division:	English and Humanities	
			Department:	Communication	
Revise/ Delete	Change*	Current	Change	Justification	Effective Semester
Revise	Name	Comm 1500: Introduction to Mass Communication	Comm 1500: Introduction to Mediated Communication	Media are increasingly not "mass," and the term is becoming anachronistic	Summer 2010
Revise	Name	Comm 1560: Beginning Radio Production	Comm 1560: Audio for Converged Media	Multimedia requires an expanded treatment of audio production which includes radio but is not exclusive to it. We've been doing it, but need a title that better represents what it is.	Summer 2010
Revise	Name	Comm 2380: Radio Production Practicum I	Comm 2380: Audio Production Practicum I	Multimedia requires an expanded treatment of audio production which includes radio but is not exclusive to it. We've been doing it, but need a title that better represents what it is.	Summer 2010
Revise	Name	Comm 2500: Elements, Trends, and Issues of Digital Technology	Comm 2500: Being Digital: Elements, Trends, and Issues of a Digital Society	This course explores how digital affects our lives in every part of our social and business interactions. The new title better represents what we do in the course.	Summer 2010
Revise	Name	Comm 3380: Radio Production Practicum II	Comm 3380: Audio Production Practicum II	Multimedia requires an expanded treatment of audio production which includes radio but is not exclusive to it. We've been doing it, but need a title that better represents what it is.	Summer 2010
Revise	Name	Comm 3600: New Media Reporting	Comm 3600: Convergence Journalism	The term "new media" has become too nebulous and most schools are now using the term "convergence" instead.	Summer 2010
Revise	Name	Comm 3790: Audio Production/ Broadcasting	Comm 3790: Advanced Audio for Converged Media	Multimedia requires an expanded treatment of audio production which includes radio but is not exclusive to it. We've been doing it, but need a title that better represents what it is.	Summer 2010
Revise	Name	Comm 4790: Advanced Audio Production	Comm 4790: Audio Production for DMP (Digital Motion Pictures)	We need a separate elective course in audio production that is geared exclusively toward digital motion pictures. That's what this course has been, in essence, all along. We think the title should match the curriculum.	Summer 2010
Revise	Credits	Comm 4980 Senior Seminar (Capstone) 3 credits	Comm 4980 Senior Seminar (Capstone) 4 credits	The requirements of this course result in many more hours of work than are indicated by only 3 credits. Plus this change brings the total number of upper division credits required for graduation to 42 rather than 40.	Summer 2010
