Sheila,

I have an item that will need to be decided at Academic Council tomorrow. We need to get approve some dates for the Student Opinion of Course/Instruction Surveys for Fall Semester 2009.

Here is a proposed schedule.

1. The surveys will be available for students from Wednesday, December 2, through Wednesday, December 23.
2. As an incentive for completing the surveys, students who have completed all of their course surveys will be able to view grades that have been posted, several days earlier than the open grade viewing date. Posted grades will be accessible to these students within 24 hours of the time they complete their final course survey.
3. Posted grades will be available to all students beginning December 30, 2009.

We need to accept this or some other modified schedule so we can begin the survey process right away. This might require suspending the rules to allow a vote on a proposal at this meeting. I would have brought it in earlier but we have been working to see if we can get the programming completed to allow for the early viewing of grades based on completion of surveys.

Thanks,
Gary
